# Maths mission!

Friday 29<sup>th</sup> April, 2016

Dear Parents/Carers,

Further to our letter last week, we are asking every child in Year 6 to complete a Maths Mission this weekend!

Your child has been given three practice papers which are very similar to the three maths SATs they will sit the following week. We would like your child to spend some time this weekend completing all three papers, trying to stick to the same time limits they will be given when they sit the real tests. Not only will this help your child to practise completing the tests within a set time, but they will also be able to very clearly identify any areas of maths which they feel they still need help with. These areas can then be addressed in school next week.

Arithmetic: 30 minutes      Reasoning paper 2: 40 minutes      Reasoning paper 3: 40 minutes

We appreciate how hard the children are working in their revision books but would really like to prioritise this maths work over the weekend. We expect **all children** to have completed these practice papers by **Tuesday 3<sup>rd</sup> May**. Your child will need to bring their completed practice papers into school on Tuesday to share with their teacher during Wild Maths on Tuesday afternoon.

Thank you for your ongoing support in preparing your child for these important assessments.

Please look forward to receiving our Year 6 Termly Letter at the end of SATs week when we can share with you the exciting experiences planned for the rest of the term.

If you have any questions or concerns about revision or the SATS, please do not hesitate to contact your child's class teacher.

Miss Carson

Mrs Davies

Mr Armstrong
